ECT (Early Career Teaching) POLICY (For ECTs starting their induction on or after 1st September 2021) (2021-23)

INTRODUCTION

The start of a career in teaching is not only very demanding but also of critical significance in the professional development of the new teacher. It is vital new teachers get a good start to their teaching careers through appropriate transitional support. Our school's induction process aims to ensure a smooth transition from training into the teaching profession through appropriate guidance, support and challenge. Our ECT Induction programme will enable ECTs to establish a secure foundation upon which a successful teaching career can be built.

OBJECTIVE

The school aims to:

- Run an ECT induction programme that meets all of the statutory requirements underpinned by the early career framework (ECF) from 1 September 2021
- Provide ECTs with a supportive environment that develops them and equips them with the tools to be effective and successful teachers

NEWLY QUALIFIED TEACHER (NQT) INDUCTION TRANSITIONAL ARRANGEMENTS

This policy applies to ECTs who start their induction on or after 1 September 2021.

NQTs who have started but not completed their induction before 1 September 2021 will continue to follow our NQT induction policy. They have until 1 September 2023 to complete their induction within 3 terms (a single academic year) as outlined in previous NQT induction guidance. Where possible, at the discretion of the headteacher and appropriate body, we will also provide them with:

- An ECF-based induction for the remainder of the NQT's 1-year induction
- An induction mentor for the remainder of the NQT's 1-year induction

If they don't complete their induction by 1 September 2023, they will be required at this point to switch to the full ECT induction for the remainder of their induction period. Time already spent in induction will count towards the 2-year ECT induction period

LEGISLATION AND STATUTORY GUIDANCE

This policy is based on:

- The Department for Education's (DfE's) statutory guidance Induction for early career teachers (England) from 1 September 2021
- The Early career framework reforms
- The Education (Induction Arrangements for School Teachers) (England) Regulations 2012

The 'relevant standards' referred to below are the Teachers' Standards

THE ECT INDUCTION PROGRAMME

The induction programme will be underpinned by the ECF, enabling ECTs to understand and apply the knowledge and skills set out in the ECF.

Prior to the ECT serving their induction, the headteacher and appropriate body must agree that the post is suitable.

For a full-time ECT, the induction period will typically last for 2 academic years. Part-time ECTs will serve a full-time equivalent. Up to one term of continuous employment may count towards completion of the induction period.

The programme is quality assured by *One Cumbria*, our 'appropriate body'.

Posts for induction

Each ECT will:

- Be provided with the necessary employment tasks, experience and support to enable them to demonstrate satisfactory performance against the relevant standards throughout, and by the end of, the induction period
- Have an appointed induction tutor, who will have qualified teacher status (QTS)
- Have an appointed induction mentor, who will have QTS
- Have a reduced timetable to allow them to undertake activities in their induction programme; in their first year, this will be no more than 90% of the timetable of our existing teachers on the main pay range, and in their second year, this will be no more than 95% of the timetable of our existing teachers on the main pay range
- Regularly teach the same class or classes
- Take part in similar planning, teaching and assessment processes to other teachers working in similar posts

Support for ECTs

We support ECTs with:

- Their designated induction tutor, who will provide day-to-day monitoring and support, and co-ordinate their assessments
- Their designated induction mentor, who will provide regular structured mentoring sessions and targeted feedback
- Observations of their teaching at regular intervals, and follow-up discussions with prompt and constructive feedback
- Regular professional reviews of their progress, to take place termly (except in terms where formal assessment is held), at which their induction tutor will review objectives and revise them in relation to the relevant standards and their current needs and strengths
- Chances to observe experienced teachers, either within the school or at another school with effective practice

Assessments of ECT performance

Formal assessment meetings will take place in the final term of the ECT's first year (term 3) and the final term of their second year (term 6), and will be carried out by the ECT's induction tutor.

These meetings will be informed by clear and transparent evidence gathered from progress reviews during the preceding assessment period, and drawn from the ECT's work as a teacher and from their induction programme. Copies of the evidence relied on will be provided to the ECT and the appropriate body.

After each formal assessment meeting, a formal assessment report will be completed that clearly shows how the ECT is performing against the relevant standards. The headteacher will also recommend to the appropriate body in the final assessment report at the end of the programme as to whether the ECT's performance is satisfactory against the relevant standards.

The ECT will add their own comments, and the formal assessment report will be signed by the headteacher, induction tutor and the ECT.

A copy of the formal assessment report will then be sent to the appropriate body. The final assessment report will be sent within 10 working days of the meeting, for the appropriate body to make the final decision on whether the ECT has passed their induction period.

In the event that the ECT leaves this post after completing one term or more but before the next formal assessment would take place, the induction tutor or headteacher should complete an interim assessment to ensure that the ECT's progress and performance since the last assessment is captured.

At-risk procedures

If it becomes clear during a termly progress review or at the first formal assessment point that the ECT is not making sufficient progress, additional monitoring and support measures will be put in place immediately, meaning:

- Areas in which improvement is needed are identified
- Appropriate objectives are set to guide the ECT towards satisfactory performance against the relevant standards
- An effective support programme is put in place to help the ECT improve their performance

The progress review record or formal assessment report will be shared with the appropriate body, alongside the support plan, for it to review.

If there are concerns about the ECT's progress during their subsequent progress reviews or formal assessment, as long as it is not the final formal assessment, the induction tutor or headteacher will discuss this with the ECT, updating objectives as necessary and revising the support plan for the next assessment period.
